In October, New York Construction magazine will publish its annual rankings of Top Design Firms for architects and engineers doing business in New York, New Jersey, and Connecticut. Please complete the questionnaire below to earn recognition for the work your firm accomplished during 2004. The Top Design ranking also appears on our web site, [newyork.construction.com](http://newyork.construction.com), for a full year.

**Ranking Criteria:** We will rank firms based on revenue from New York, New Jersey, and Connecticut during 2004. We will also rank firms by total company-wide revenue and various design specialties.

**For questions about this survey, please contact our editor, Tom Stabile, at [tom\\_stabile@mcgraw-hill.com](mailto:tom_stabile@mcgraw-hill.com)**
